

# Oregon Tool Recalls Log Splitters and Cylinder Kits Due to Injury Hazards

## Recall Summary

**Name of Product:** Oregon, PowerPro, Country Tuff, and Speeco branded log splitters and cylinder kits

**Hazard:** The recalled log splitter's hydraulic cylinder rod can separate from the piston, preventing the wedge from retracting. Reengaging the rod to the piston can cause the rod and wedge to move unexpectedly, posing injury hazards.

**Remedy:** Replace, Repair

If consumers experience the wedge failing to retract, the consumer should immediately stop using the recalled product and contact Oregon Tool or their dealer to schedule a time for Oregon Tool or the dealer to install a free replacement cylinder. Consumers should not attempt to fix the recalled product themselves. Consumers can locate their nearest dealer by visiting [www.oregonproducts.com/en/dealer-locator](http://www.oregonproducts.com/en/dealer-locator) and searching by location for an Outdoor Power Equipment dealer.

**Consumer Contact:** Oregon Tool toll-free at 833-948-2590 from 6 a.m. to 7 p.m. ET Monday through Friday, email at [logsplitter@oregontool.com](mailto:logsplitter@oregontool.com), or online at <https://www.oregontool.com/product-recalls/> or [www.oregonproducts.com](http://www.oregonproducts.com) and click on Product Recalls for more information.

#### **About the U.S. CPSC**

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risk of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product-related incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of injuries associated with consumer products over the past 50 years.

Federal law prohibits any person from selling products subject to a Commission ordered recall or a voluntary recall undertaken in consultation with the CPSC.
